Elggzone – perjensen-online.dk

Thanks for visiting Elggzone. You have downloaded 'DA_elgg-1.8_beta' Elgg danish language pack.

SUMMARY:

Contains translation of all default elgg mods. Technical terms has however not been translated, for example, text strings used when installing elgg.

INSTALLATION:

Copy the files from DA_elgg-1.8_beta to the appropriate folders in your elgg installation. You can also copy the files automatically by downloading this function [Copy language directory](#).

Thank you
Team Elggzone
